## Company Profile

Unique Clothing Company – a manufacturer exporter of knit garments and a trusted partner among the apparel brands across the globe.

Unique Clothing Company, a professionally managed organization started by young entrepreneurs with hands on experience in textile industry.

Ability to deliver the merchandise with consistent quality that meet the product specifications and stringent compliance requirements of international standards.

Our long-standing relationship with our major customers have been one of the most significant factors contributing to our growth.

Our diligent merchants are always on their toes to serve our clients.

We manufacture knit merchandise for Men, Women and Children apparel for all seasons namely Spring, Summer, Autumn, Winter.

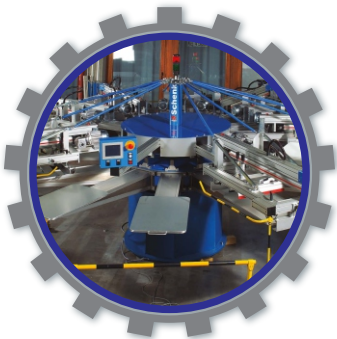

We have more than 20 years experience in the production of garments in circular knits. Our manufacturing consists of in house pattern making, cutting and sewing facilities as well as printing unit with automatic placement printing machinery and an embroidery unit.

An experienced and dedicated management team at the helm of the company guides and inspires the organization to accelerate growth. We bring to the retailers' shelves close to 20 years' experience in the garment manufacturing industry. This experience is qualified not merely by the number of years, but by the efforts and improvements that have gone into our manufacturing process to enhance the end product and give us a cutting edge over others in the industry.

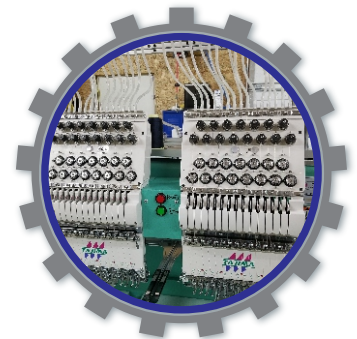

## Printing Section

Plastisol, Glitter, Pigment and Foil Printing are some of the variants of screen printing. Azo-free dyes and chemicals are used and the customized prints in eye-catching colours leave a durable impression on the finished garments. The Printing Unit is equipped appropriately to produce 26,000 pieces per day and up to 20 colors in one design with automatic M&R machines.

## Embroidery Section

Top most priority is given to Embroidery. Custom Embroidery T-Shirts are the most popular products. We specialize in doing LOGO Embroidery, Embroidery in Fleece and Jackets. We have our own Embroidery unit in which we use latest machines like for quality Embroidery.

## Cutting Section

Cutting is the main phase in garment making. A Garment can't be made without cutting. In our firm cutting is done by the persons who are perfectly skilled and keeping in mind the FASHION FITS. We have modern hand cutter and pattern cutting machines.

## Stitching Section

Power singers, Lace works Button hole machines, Press Button Machines, Smocking Machine, Rib Cutting Machine, Net Folding Machine. We use the most modern and single needled machines which produce in large volume. Our stitching unit has a strong work force of skilled persons.

## Checking Section

Another important process is checking. Checking is to trim all extra threads and also checks for stains and holes. We have modern Trimmer Machines.

## Ironing Section

We depend on modern methods for ironing. We use adjustable flat horizontal tables and modern steam pressing boxes for ironing garments. Vacuum sucking machines are used to take away the excess moisture in the garment due to Steam Ironing.

## Packing Section

We buy our Packing Materials from leading suppliers and professional providers to Garment Exporters. We use only Oeko Tex certified labels produced from fully computerized labeling machines.
